I understand that under the provisions of the Building Permit for this spa/swimming pool, that the spa/pool cannot be emptied; except in compliance with the following conditions.

If at any time the spa or pool is drained, partly or entirely; such water must be disposed of in a dry well or sewer. If in the sewer, it must be done between the hours of 8:00 p.m. and 6:00 a.m. only.

I further understand and agree that the spa/pool will not be filled prior to the erection of a five (5) foot high fence that complies with Section 92.13.1(f) of the Torrance Municipal Code.
